DDCI reported that General Carroll had asked for assistance in preparing an unclassified paper on North Vietnamese involvement in South Vietnam. He gave the action to the ADD/I on Saturday. The Director felt we should do the best we can on this paper but without jeopardizing sources.

The Director noted editorials in Friday's Washington Star and the Sunday New York Times.

The Director said that he will discuss the matter of trip reports further with the Executive Director, but as a general rule, he is interested in the purpose of the trip and in constructive observations but not chronological detail.

ACTIONS:

1. The Director asked the DD/S to have the Office of Personnel maintain careful recruiting records and to give the Director an analysis in three months on whether there were any shifts or trends resulting from the publicity on the Agency's involvement with the National Student Association.

3. The Director asked Warner to contact Darden with a view to ascertaining Senator Russell's reactions to the Katzenbach report.
